

Delta casualty harness

H43

Ultra compact evacuation harness for lowering and lifting a casualty

Features:

- Lightweight
- Elasticated waist
- Quick and easy to fit
- Durable polyurethane coated polyamide body

Ultra lightweight construction for easy transportation and stowage.

Elasticated waist helps to keep the harness in the correct position on the wearer and provides improved comfort and security.

Simple design enables swift deployment and fitting.

Durable materials provide long service life.

Not designed or certified to arrest falls.
